

# MOUNT SNOWDON CHALLENGE 2009

6 June 2009 (plus 7 June, if sufficient interest)

Are you willing to go the extra mile to help animals in Asia?

Your steps can help end their suffering

Sign up now to secure your place in our exhilarating challenge to raise vital funds for the suffering bears, dogs and cats in Asia.

We've teamed up with The AdventureFitness Company, who are generously providing two qualified and experienced mountain leaders, free of charge, to expertly lead your trek up the Snowdon Rangers path (pictured here) and through some of the most spectacular scenery in the British Isles. And at the end of it, you can sink a well-deserved pint in the pub!

The terrain is comparatively easy going, and our challenge is graded as hill walking but what it lacks in difficulty it more than makes up for with variety and interest. With ever-changing views this is an ideal trek for anyone with a reasonable fitness level - this is not a race but a personal or team challenge while raising much needed funds for the animals you care about.

## Join the challenge

Minimum sponsorship is just £200. We hope you'll raise more and from the moment you sign up Animals Asia will be with you every step of the way helping you put the FUN in fundraising.

All you have to do to guarantee your place in this amazing adventure, fill in the form overleaf and send your £10 registration fee. Places are limited to just 20 people per day, we expect this event to sell out fast so to avoid disappointment please book early.
