

AnimalsAsia

Until the cruelty ends

What your support means

Thank you for supporting Animals Asia

Thanks to our amazing fundraisers, there's no limit to what WE CAN ACHIEVE TOGETHER for the bears and other abused animals.

Your support means we will be able to provide over 300 bears in our care with nutritious food, a home at one of our world-class sanctuaries in Chengdu, China or Tam Dao, Vietnam and ongoing veterinary care.

It means our vital work to end cruel wild animal performances in zoos and safari parks can continue, and it means dogs and cats are gaining the respect they deserve in China.

Much of our work is done quietly behind the scenes – talking with those who have the power to bring about lasting welfare improvements for the animals. Our work in schools and the community is equally important in shaping a kinder world.

Your support means so much

Animals Asia has rescued

hundreds of bears

since 2000.

Thousands

of drug stores
and traditional
doctors in China
have joined our
campaign and
stopped selling
bear bile.

We run

two sanctuaries

with climbing frames, pools
and dens for hundreds of
bears at Tam Dao in Vietnam
and Chengdu in China.

Wondering where your funds will go?

Your event will not just benefit the bears and other abused animals directly. It will also help us to educate people on the plight of these animals, and show them they every animal deserves compassion and recognition as an individual. It's a ripple effect that can't be stopped.

£50 can build a wooden
play structure: these simple
structures provide the bears with
hours of climbing and fun.

£70 can buy a hammock for
the beautiful bears to laze their
days away.

£120 can build a bear food
ball puzzle: this will keep a bear
entertained for hours as they try
to find the yummy treats inside.

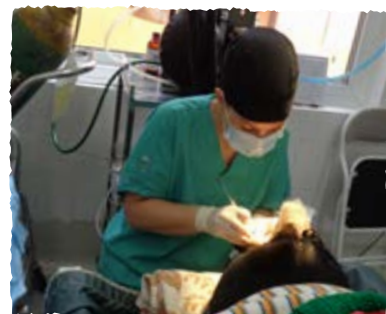

£300 can pay for a bear to
have a health-check, including
dentistry

£1,240 can provide 10 bears
with vet care for one month

£1,700 can give four bears
gall bladder surgery. Many
of the bears need to have
theirs removed due to the
severe damage caused by bile
extraction

Stay informed

Remember you can always stay informed about our work by visiting:
www.animalsasia.org which is packed with information on our projects:

- End Bear Bile Farming
- Cat & Dog Welfare
- Captive Animal Welfare

You can also keep up-to-date via Jill's blog, or our social media accounts.

UK events

For upcoming events, please go to our website and click **Get involved**. You'll see that our office and supporters in the UK are extremely active and there are lots of fundraising activities planned throughout the country.

We'd obviously love to have you join up as a supporter of Animals Asia. Donations can be made over the website and if you'd like some of our literature to distribute we'll gladly send this to you. If you haven't already done so, please sign up for our latest news and information so we can keep you informed of our progress: [Sign up to My Animals Asia.](#)

Thank you once again for showing your support and being a moon bear hero! It is people like you that are allowing us to continue our vital animal welfare work in China and Vietnam.
